NEW GENERATION WATERFILLED SAFETY BARRIERS

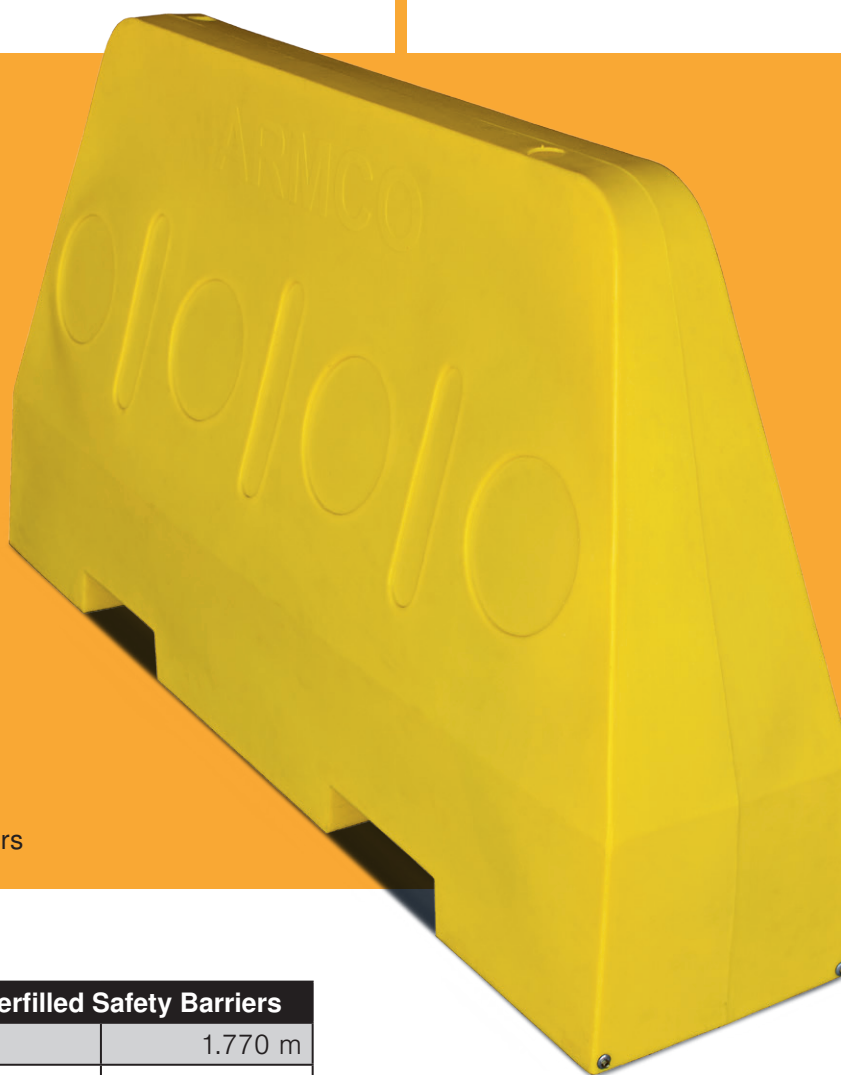

Armco introduces a new range of waterfilled safety barriers.

Manufactured from High Impact UV stabilised Polyethylene.

BENEFITS

- Lightweight at only 10 kg
- Stack and pack easily for transporting
- Non-Interlocking allowing for more flexible use
- High quality with drainage holes to prevent overfilling
- Yellow for visibility but available in red or white as well
- **Note:** Not suitable for use as impact absorption barriers

10 kg Waterfilled
Barrier
